

Kiawah Island Golf Resort Offers Unique Recreational Activities for All Ages

Kiawah Island Golf Resort offers many recreational activities to guests. Golf at any of the five Championship courses is always an option on the Island, but we also offer exceptional activities design for children and their families. Swimming, canoeing, kayaking, bicycling, cookouts, oyster roasts, sing-a-longs, and nature walks – are just a few of the extraordinary activities that are afforded to guests of Kiawah Island Golf Resort. It's no surprise then that *Conde Nast Traveler's* readers have voted Kiawah Island Golf Resort as the number two resort in America for activities.

The Nature Excursion Programs continue to receive national attention. The unique nature programs of this barrier island feature a variety of wildlife discovery adventures, which afford guests the opportunity to learn about the interesting ecology of the area through a series of interpretive excursions guided by staff biologists. Naturalists also conduct marsh creek canoe trips, sea kayaking, birding walks, night beach walks and bike tours.

For the children, there's **Kamp Kiawah** – a supervised, fun-filled activity program for ages 3 to 11. Established two decades ago, Kamp Kiawah keeps children enthralled with its Pirate Escapades, Nature Adventure Days, Tye Dye Days, Sand Sculpting, Hula Contests and Relay Races and more. It also allows parents some time to participate in island adventures of their own.

Kiawah Island Golf Resort has created a **Teen Program** specifically for the most discriminating of youths. On the list of seasonal activities are Teen Survivor, Late Night Movies, Photo Scavenger Hunts, Basketball and Volleyball Tournaments, Dance Contests and more.

Parents won't feel left out, though, because they can join their children and teens in activities specifically designed for **Families**, including Sand Sculpture Contests, Family Movies, Family *Jeopardy*, Family Beach Bashes, Bingo, Ice Cream Socials and Aqua Aerobics.

There are also facilities for less structured activities, such as the 21-acre **Night Heron Park** complete with basketball courts, a soccer field, swimming pools, a pavilion area and a bicycle rental shop. Night Heron Park also serves as a popular gathering spot for special events, such as symphony concerts, family park cookouts, and beach music parties. The **Night Heron Park Nature Center** includes specimens of the island's wildlife and plant life.

In addition to its daily activity schedule, Kiawah Island Golf Resort hosts The Kiawah Island Marathon each December with over 3,500 runners, and an annual triathlon that takes advantage of the Island's beach and trails.
